SCOTT ARMAND AND ARMAND PROFESSIONAL SERVICES: QUALITY AND COMMITMENT PERSONIFIED

This Trustee Corner highlights Armand Professional Services, Inc. and Scott B. Armand, its President. The full service company offers residential and commercial services ranging from pest and termite control, landscape design and installation, lawn care and complete landscape maintenance to customized services such as wild animal trapping, rodent control, flea and tick control, house sitting and emergency shutter service. Candidly, it is unrealistic to write about the company without discussing the principals since Scott and his wife, Mair, understand and practice the dedication required to grow a small business. Indicative about this determination to succeed, Armand Professional Services received the highly-competitive Palms West Chamber Business of the Year award in 2007 for businesses with an annual gross sales size less than two million dollars.

Armand's passionate commitment to customer service carries over to community service as well. Though "driven" to position the growing company as a dominant countywide operation within the next few years, he is focused just as surely on making a real difference in the west central Palm Beach County quality of life.

Scott and Mair are heavily involved at the Palms West Chamber of Commerce, where their efforts regularly make positive impacts. Scott is a member of our Executive Board, serving as Vice Chair-Marketing.. In 2007, he served as Chairman of the Ambassadors Committee. Mair, meanwhile, served as co-chair of the 25th Annual Installation Gala, A Silver Celebration.

The efforts of this remarkable family team don't end with our Chamber. Scott Armand is the current President of the Royal Palm Beach Rotary Club; Mair serves as 2nd Vice President of the Wellington Women's Club; and, Armand Professional Services sponsors a variety of youth sports teams.

The Armands have resided in the western communities for more than 20 years; have five children and two grandchildren.

While I was chatting with Scott about the personal and professional achievements of the family and this enterprise, he responded, "It's a 24/7 job we all relish. We love what we do and do what we love!" No question about it-that comment sums up the story!

Thank you, Scott Armand, Mair Armand and Armand Professional Services. You are all remarkable assets to the Palms West Chamber of Commerce and the region we serve.
